MILWAUKEE DAILY SENTINEL.

VOLUME XV. MILWAUKEE, SATURDAY MORNING, JULY 10, 1858. NUMBER 162.

THE DAILY SENTINEL.

SATURDAY MORNING JULY 10.

TO ADVERTISERS.

☞ Business Notices appearing in the Local Columns will be charged 25 cents per line for the first, and 12½ cents for each subsequent insertion.

☞ Transient Advertisements must be paid for invariably in Advance.

☞ The number of insertions must in all cases be specified on the copy when handed in, as no "till forbid" Advertisements will be taken.

☞ Yearly Advertisers will be held strictly to Advertisements pertaining to their business. All other Notices will be charged at the Regular Rates.

☞ Extra displayed Advertisements, and those with large cuts, will be charged by the square for each insertion.

☞ Ordinary Notices of Deaths and Marriages inserted *free of charge*. Obituary Notices will be charged by the square, at half our usual rates.

Republican Congressional Convention.

SECOND DISTRICT.—A Republican Convention for the Second Congressional District in the State of Wisconsin, will be holden at PRAIRIE DU CHIEN, on Wednesday, the First day of September, 1858, at 12 o'clock M., for the purpose of nominating a candidate for member of Congress of said District, to be supported at the next general election.

Each Assembly district will be entitled to two delegates in said Convention.

It is recommended that the Republicans of the different Assembly districts, meet on Saturday, the 28th of August next, and select delegates to said Convention.

DAVID ATWOOD,
HANMER ROBBINS,
T. S. ALLEN,
M. S. GIBSON,
S. G. COLLEY,
District Committee.

Madison, July 8, 1858.

The News.

Our Telegraph despatches, this morning, are not of a very interesting character. The progress of the Seventh Regiment, N. Y. Militia to and from Richmond, Virginia, occupies considerable space. A melancholy casualty on James River threw gloom over the excursion.

We hear from Kansas that Gov. DENVER, by displacing the Border Ruffian authorities and substituting Free State men in their places, is rapidly restoring peace and good order there.—Next month the people will give Mr. BUCHANAN's English Dodge its final *quietus* and thus forever dispose of the Lecompton Villainy.

Accounts from the forces on their way to Utah continue favorable. Hostilities are no longer looked for in that quarter. There is some prospect, however, of further difficulties with our Central American relations.

We have no intelligence, yet, of the Telegraph fleet, and scarce a hope that the venture has been successful.

The commercial editor of the Buffalo *Commercial Advertiser*, was instantly killed, yesterday, by falling from a scaffold.

We continue to hear of arrivals at New York and other Atlantic ports, with yellow fever cases on board.

The New York Produce Market yesterday was firmer for Flour, but duller and lower for Wheat. In our own market with heavy receipts and a less active inquiry, sales were small and buyers unwilling to pay within two cents of Thursday's rates.

The weather, yesterday, was variable and unsettled, with light showers towards evening. We begin to have some complaints of rust in the Wheat. Fine weather is greatly needed now for the labors of the harvest.

THE MINNESOTA STATE LOAN OF $250,000 was taken by Clarke, Dodge & Co., at ¼ premium.—It bears 8 per cent., and runs ten years. The biddings were as follows:

Clark, Dodge & Co., N. York, 100¼ for an 8 ⅌ cent bond..... $250,000
F. P. James & Co., New York, par for an 8 ⅌ cent. bond..... 250,000
T. P. Richards, N. Y., par for an 8 ⅌ cent. bond 250,000
Thompson Bros., N. York, par for an 8 ⅌ cent. bond 250,000
Jos. Livingston, Mil, par for a 10 ⅌ cent. bond... 250,000
S. B. Scott, Milwaukee par for a 9 ⅌ cent. bond 250,000

FINDING OF THE BODIES LOST BY THE RESCUE DISASTER.—The Rockton *Gazette* has been furnished with the following particulars concerning the finding of the bodies of the Insley family, drowned in the dreadful calamity at Roscoe, on Rock River, last month:

Edward Payson, aged nine years, was found Monday, June 6th, near Mr. Lovejoy's, by Hugh Strickland. The body was floating in the water near the shore, about two miles down the river. Annie, aged 4 years, found the same day near Cedar Spring, a short distance from Mr. McAffee's, by Mr. P. Welch. Orin Woodford, aged eleven years, was found Tuesday, about 5 miles down the river, at Atwood's stone quarry, by Mr. Atwood. May Ellen was found Thursday, June 10th, at Meed's cove, near Mr. Lovejoy's, by Mr. Nois. There is one incident connected with the finding of this body which is very singular. Mr. Nois dreamed the night before that he could find it in a certain place, and in the morning he went to that place and found the body slowly floating in the water, in accordance with his dream. Mrs. Insley was found Friday, June 11th, by Dr. Bradley. She was caught in some driftwood at the river bridge.

THE WISCONSIN IS SHOCKED.—Some time since, we intimated that in bidding for the public printing, if we entered the lists, we should employ every legitimate means to succeed.—That we should study the "basis" presented by the State to bidders, and make the most ingenious bid we could devise. The *Wisconsin* says that such a "confession and such sentiments of immorality as underlie the confession are too low and base even for the most degraded of professional thieves. The better portion of Madison people must feel proud of their press, when such sentiments as the following are promulgated."

Shades of Pecksniff, what a sanctimonious man the editor of the *Wisconsin* must be!

We can tell that sheet, however, that base as it may be to compete sharply for the State printing, we have never been guilty of such baseness and meanness—involving the violation of our plighted faith and solemn agreement—as characterized the course of the *Wisconsin* a few months ago, towards the other members of the Milwaukee press, in regard to telegraphic reports. We would rather be convicted of putting in a low printing bid, than of violating our word of honor, and playing the part of a knave and a traitor in order to get the advantage of our neighbors.—*Madison Journal.*

MILITARY.—Quite a military spirit has taken possession of our citizens. The prospect is that in a few weeks we shall have three organized companies in this city, viz: A company of Dragoons: the Mechanics' Guards, (infantry,) and the Templar Guards (infantry.) The latter company met and perfected its organization on Tuesday evening, by electing the following officers:

Captain—M. Gallaton.
1st Lieut.—C. R. Swallow.
2nd " —A. G. Ives.
1st Sergeant—J. M. Tiffany.
2nd " —M. Stevens.
1st Corporal—B. G. Reed.
2nd " —J. M. Patch.
Secretary—J. A. McPetridge.
Treasurer—J. M. Hitchcock.

About thirty members were enrolled on the spot, and a feeling manifested to keep the company up, and make it one of the permanent institutions of the city.—*Dodge Co. Citizen, 8th.*

ANOTHER FIRE AT DEPERE.—On Sunday morning last, about 1 o'clock, the large three story building in Depere, known as the "Merrill, Slote & Co." store, was discovered by the watchmen in the jail to be on fire. The wind blowing strong from the north, the efforts of the citizens to save it was of little avail, and it burned to the ground, together with about $1,200 or $1,400 worth of goods which were stored in it. The building were owned by Lowery & Co., of New York. The machinery to J. G. Lawton, worth from $5 to $800; the other goods to E. Wager, ($600) and C. R. Merrill (2 or $300.) The building was one of the largest and best in the place. It was set on fire in a pile of corn husks in the second story, probably by some of the same gang who burned the American House.—*Green Bay Advocate, July 8th.*

THE HARVEST IN MICHIGAN.—We learn that the farmers in the Southern and Western counties of Michigan are now harvesting their wheat. The accounts of its condition are highly favorable. In localities where it was feared it had suffered from rust, the berry is found entirely uninjured, nothing but the leaf being affected. If the present fine weather continues, a large proportion of the crops in the above counties will be secured this week.

The wheat throughout Northern Indiana is being generally harvested. It has never come in better, either as regards quality or quantity.—*Detroit Tribune, July 9.*

Phonetic Convention.

The friends of the Phonetic Reform in Wisconsin, are requested to meet in Convention, at Portage City, August 2d and 3d, to form a Phonetic Association, for the encouragement and and dissemination of phonetic principles, and the introduction of phonetic reading and writing into families and schools. The session of the Convention will commence on Monday, August 2d, at half-past two o'clock P. M.

It is the desire of the Committee to have all the Phoneticians and friends of the Reform who receive a copy of this notice, make it a point to attend the Convention if they can; but if not, to write a letter to be read at the Convention, stating the condition and prospects of Phonetics in their neighborhood, and their views on the present movement; and if so inclined, to authorize us to put their names on the list of members of the Association about to be formed.

The letters may be sent to either of the members of the Committee, and should be sent in season to be received before the meeting of the Convention.

Notice will be pasted up at the Railroad Depot, at the Veeder House and at the United States Hotel, to inform strangers of the place of meeting. Information can be had also, by calling on Leonard F. Wenner, at C. J. Pettibone's store; or James Morrison, in Vaughan's Shoe store, both on De Witt street.

IRA PICKARD, Beaver Dam,
E. FILBROOK, Oxford, Marquette Co.,
A. H. HOWARD, Omro, Winnebago Co.,
J. B. JUDSON, Kenosha,
A. M. MAY, Ripon, Fond du Lac Co.
Executive Com.

☞ The press will confer a favor by giving general publicity to the above call.

THE CROPS.—We receive the most encouraging accounts of the extreme forwardness and great abundance of the crops in the whole northern portion of the State. Corn is coming on rapidly, and bids fair to be a more than usual large crop. Trees and shrubbery of all kinds are growing faster this year than we have ever known them before. This is particularly fortunate, as a great many shade trees were "set out" in our city during the spring.—*Green Bay Advocate* July 8.

CROPS.—We continue to hear reports of the prospects of most of the crops. A heavy growth of straw is the principal complaint.—Winter wheat is badly lodged in some localities. The barley harvest will commence on Monday; it is said not to be an average crop in this county.—*Janesville Gazette, July 9.*

CITY MATTERS.

Church of the Redeemer, Unitarian, Rev. N. A. Staples, Guest., between Martin and Division,	10½	7½

Book Notice.

LECTURES OF LOLA MONTEZ, including her autobiography —Rudd & Carleton, New York. For sale by E. Terry & Co., No. 164 East Water street, Milwaukee.

A work has just been laid upon our table which is destined to have a wide circulation throughout the country. It is a collection of the lectures of LOLA MONTEZ, including the autobiography of that extraordinary woman. Our readers will remember with what favor her lectures were received in various places, when delivered by the authoress, not long ago. The subjects of these lectures are: 1st, Beautiful Women; 2d, Gallantry; 3d, Heroines of History; 4th, Comic Aspect of Love; 5th, Wits and Women of Paris; 6th, Romanism. They are all well written, the composition is chaste and elegant, the style original, and the lectures abound in good common sense; yet withal they are well interspersed with wit and humor, and we glide pleasantly along from page to page. The autobiography, too, is not the least interesting part of the work. A fine engraving of LOLA adorns the opening of the book. The print is large, on excellent paper, and the binding is done in a handsome and substantial manner.

NO MERCY FOR THE DOGS.—The police are making desperate havoc amongst the canines of our city. They have orders to kill every dog found running at large unmuzzled, and by a liberal distribution of boiled beef seasoned with strychnine, they have, during the past week, ridded the city of a whole army of curs. One man has been kept constantly employed burying the dead animals, but notwithstanding this, nearly every step we turn, an inanimate canine meets our view. At the rate that they are being dispatched at present, they cannot last long however, and a great nuisance will be got rid of. Those who have dogs that they value, should keep them chained up during the warm weather, or have them securely muzzled.

POLICE COURT YESTERDAY.—A woman named Abbey Fitzgerald was fined $5 and costs for being intoxicated. Louis Conners, convicted of disorderly conduct, was fined $10 and costs.—Morris Riley, charged with being disorderly, was discharged by order of the City Attorney. John Riter and J. A. Richter, were fined $1 each for being disorderly.

BOARD OF SCHOOL COMMISSIONERS.—The Board of School Commissioners hold an adjourned meeting, at their room, in Excelsior Block, *this* (Saturday evening, at 7 o'clock. A variety of important business is to be transacted and the punctual attendance of members is especially requested.

The Grand Jury in the High School.

On Wednesday, at the close of their present session, the Grand Jury of this City and County, by invitation of the Principal, J. G. MCKINDLEY, visited the High School in the 7th Ward in a body. They give the following report of their visit, in which they express their estimation of this excellent institution, and pay a high compliment to the Principal and his assistants:

"We, the citizens of the city and county of Milwaukee, feel proud of having so commendable an institution of learning among us. We feel that the money expended in the perfecting and support of it, is well and wisely spent, and would recommend that there be more of the same kind of schools organized in our city. If all the youth of this city and county were furnished the means of obtaining such an education, as these schools are capable of furnishing, and taught the right precepts to guide them in their maturer years, crime would become less frequent, and Grand Jurors but seldom needed.

We cannot pass over without giving our own version of our reception at the school by the gentlemanly and accomplished Principal, Mr. J. G. MCKINDLEY, who appears to be as much at home in his mode and manner as a teacher, which is excellent, as the best mechanic in his workshop. His system of teaching to us is new, but its workings are as perfect as the best piece of machinery—no clashing discernable. He took a great deal of pains to show and explain to us everything connected with the institution in the most clear and perfect manner possible. The assistants in his immediate department, we are informed, are Misses Whipple, Lincoln and Sleeper, who are ladies highly accomplished, and who appear to know and do their duty, and, we think, are worthy of the stations which they occupy.

We were next conducted to Mr F. Regenfus's department, who has charge of the German, French and Drawing, where we were shown some fine specimens of maps, executed by the pupils, that gives conclusive proof that he is a superior teacher in his line.

We next visited the Grammar department, under the direction of Mr. H. B. Coe, as principal, and Misses Everts and Town, as assistants, and there witnessed the same kind of order, discipline, beauty and regularity, as in the Literary and Commercial departments. Too much cannot be said in praise of this department.

The next and last visit was made to the intermediate department, where Miss M. C. Osgood presides as principal, assisted by Misses Barnes and Porter. Of this department we feel bound to say something, and would recommend the parents of all the children to visit this school, and witness the difference in the mode and manner of teaching now than when they were young. Then we thought we knew all things, but to see so large a number of children, so orderly and attentive to the beautiful and well matured discipline of their teachers, we almost believed ourselves in some fairy land, where dissention and strife were not known, rather than in one of our public schools. We all agree in saying that we had the pleasure of witnessing the finest display of school tactics that we have ever seen anywhere. We would recommend all friends of the Institution to visit the school and judge for themselves, for without it, they can form but a very imperfect idea of the beauty, regularity, discipline and perfect system of teaching to which Mr. McKindley and assistants have reduced this school.

We recommend all the teachers in this school, from the highest to the lowest, to the most favorable consideration of a generous public, as every way worthy of their confidence and support, and hope, for the honor and credit of the city, that the Board of School Commissioners will retain the present teachers, and award to them such compensations as their labors justly merit, and sufficient to support them as gentlemen and ladies, and render the calling of school teaching a high and honorable one. If a community will not pay such teachers a reasonable compensation for their labors, the result follows as a matter of course, that they must seek some more lucrative position that will afford them the necessary support that they require and incompetent teachers take their places, and the schools become unpopular, languish and die out. We say keep up these institutions, cost what it may, and our word for it, the community will be the gainers thereby.

Very respectfully, your ob't serv'ts,
GRAND JURORS OF THE CO., OF MILWAUKEE.

During the visit of the Grand Jury to the several departments of the school, neat, appropriate and well timed addresses were made to the pupils, by Messrs. TREAT, CRASON and DAMON, members of that body.

THE CADETS.—The Madison *Patriot* in speaking of the appearance of the Cadets on the occasion of their drill at the Celebration ball on Monday night, pays the young soldiers a compliment, the justice of which no one will dispute:

"MERRILL'S Cornet Band, discovered the choicest music, and "all went merry as a marriage bell." Just before supper, the Cadets were put through their usual drill. We can safely say that they exercised in an *unrivalled* manner. The company is formed of young men, from fourteen to eighteen years of age, and the aptitude of their movements, derived from education, and the intelligent chivalry of their bearing gives them an appearance of *eclat*, which led us to reflect, as we were affected by it, that America, in such citizen soldiers, possesses the best material in the world for a prompt and reliant Light Infantry."

A WELL DESERVED COMPLIMENT.—The "Junior" of the Madison *Patriot*, who was here on celebration day, enjoyed a ride through the suburbs of the city in one of Messrs BUTLER and POST'S elegant outfits. He speaks in glowing terms of our city, and justly compliments the enterprising proprietors of the big livery stable at the foot of Mason street. He says in conclusion: "the charge of Messrs BUTLER and POST was as reasonable as the horse they had afforded us was good. We deem it our duty to recommend them to all visitors to Milwaukee, who may require an equestrian outfit. Everything about them is systematic and orderly."

RUSSELL'S CLOTHES DRYER.—This useful and convenient apparatus for drying clothes is now being manufactured in this city, by Messrs. ZELIE & HOWE, who have purchased the patent right of the inventor. They are the simplest, and yet by far the most complete clothes dryers now in use. Their principal merit is, that they can be raised and lowered at pleasure, to put on or take off clothes, and when elevated to their full extent, they may be *locked* thus placing your clothes high above the reach of thieves. They also possess the additional merit of being cheap, the cost being only ten dollars, and they are not at all cumbrous. Several of them are already in use in this city, and those who have tried them, speak highly of their usefulness.

THE STEAMER LADY ELGIN ALL RIGHT.—The fine steamer *Lady Elgin*, which it was feared for some time would prove a total loss, was got off the rocks at Copper Harbor on Tuesday last, by the assistance of the tug *Salvor*, without sustaining much damage. She passed this port on Thursday night, on her way to Chicago, where she will undergo repairs, and be fully ready for the pleasure excursion on the 15th.

The Streets.

TO THE EDITOR OF THE SENTINEL:—In the report I gave of the improvements in our city, I endeavored to give a correct one, but several have found fault because I overlooked the building of their house, and the estimate I put on it was low. It was no intention of mine to wound the feelings of any one, or to undervalue the house of any one. If, from what I can learn, is true, which I do not contradict, two hundred thousand dollars more should be added to the list of improvements. But this one fact I will and must state—I said in regard to the Fifth Ward (which I consider one of the greatest Wards in the city) that they would have, in the course of two weeks, the best streets and sidewalks in our city. I must take all that back. Our friend MERRILL has not been able to accomplish what he expected to. There is Clinton street almost impassable; Reed street no better; Hanover still worse. The fact is, it is almost impossible to go through any street with a respectable carriage.

Suppose, in the course of ten days the Governor of New York or of Massachusetts, with other dignitaries, should visit our city,—which, do not be surprised, probably they will be here,—the first Ward I should invite them to ride to would be the Fifth Ward, on account of its beautiful location. But, oh! the roads and streets in their present state, could not and would not induce me to go into that Ward at present. I must also say that our friend and highly deserved Street Commissioner, Mr. Schultz, forgets the many, many carriages, which travel on Division to Prospect street. If I was a stranger visiting this city, and one should invite me to take a ride along Division street to Prospect street, I would almost come to the conclusion that the invite was after my life. It is wretched, disgraceful; and then go down Main street—the most beautiful and widest street in our city for business, and which is going to be the principal business street in our city.

The Street Commissioner of that part of the city certainly must be so engaged that he cannot sleep night or day, otherwise he certainly could see the filthy condition in which the gutters are, at all the crossings. Oh, it is horrible, shameful. Why, if something be not done very soon, every person must and will be sick in that neighborhood. In course of that time there may be a large delegation from New York, and from the South, reviewing our city, and will want to invest, say a million of dollars, and all I ask, and all I want, is not to feel ashamed of myself, when they are invited to take a ride, to find our streets in such a disgraceful condition. This communication I write in all kindness, for I do love Milwaukee, and I am anxious to have her look as she ought to, when a delegation comes on.

CALEB WALL

TEMPERANCE SOCIETY THURSDAY NIGHT.—REGULAR MEETING.—A regular meeting of this Society was held Thursday evening, in the Spring street M. E. Church.

The President, Dr. HANSON, was in the chair.

The meeting was opened with prayer by Rev. H. C. TILTON.

The minutes of the previous meeting were read by the Secretary and approved.

The chair stated that the order of business was the motion made by the Rev. Mr. LOVE, at the previous meeting, to substitute the pledge of the American Temperance Union, for the one at present embodied in the Constitution.

Rev. Mr. LOVE urged the adoption of his amendment in a few remarks.

Rev. Mr. TILTON stated that when the constitution was drawn up, it was the intention of the Committee to incorporate that plege in the Constitution, but at the time he was unable to find it. He had no objection to a substitute, but preferred it.

The subject was further discussed in an able and earnest manner, both *pro.* and *con.* when the resolution was put, and the amendment carried.

The pledge is as follows:

We, the undersigned, do agree that we will not use intoxicating liquors as a beverage, nor traffic in them. That we will not provide them as an article of entertainment, or for persons in our employment, and that in all suitable ways, we will discountenance their use throughout the community.

Rev. Mr. TILTON asked to be excused from acting as Chairman of the Executive Committee. Granted.

EDWIN PALMER was chosen in his place.

A motion was carried to instruct the Committee to make arrangements for an out-door meeting in the Court House Square on Sabbath afternoon, at quarter before 5 o'clock.

A motion was also carried to have the meeting thoroughly noticed in the pulpit and through the press.

On motion, adjourned to meet at the call of the Executive Committee.

COLD SPRING COURSE—THE RACE YESTERDAY.—Quite a large crowd assembled at the Cold Spring Course, yesterday afternoon, to see the promised race between *Little Flea, Kitty Miles* and *Highland Mary*, mile heats. After waiting, however, till past five o'clock, it turned out that the owner of *Little Flea* refused to run him, unless the two mares would take up additional weight. The owners of the mares declining to do this, *Little Flea* was withdrawn, and *Kitty Miles* and *Highland Mary* had the race to themselves. This materially diminished the interest of the occasion, as *Highland Mary* was not considered a match for *Kitty Miles*. Nevertheless, they started and ran two heats, in good time, each winning one; *Highland Mary* the first in 1.52, and *Kitty Miles* the second, in 1.54. *Highland Mary* was then drawn. There was much disappointment and dissatisfaction at all three horses not going, as announced.

COMPANY "A" AT KENOSHA.—The Kenosha *Telegraph* thus speaks of the visit of Company "A," M. L. G., to that city, on the 5th of July:

Company "A," of the Milwaukee Light Guards, also visited the city in the afternoon; they came as the invited guests of the Kenosha Rifles.—The Milwaukee Light Guard Company is one of the best drilled and finest appearing in the State. This company was escorted from the wharf into the city by the Kenosha Rifles—marching through the principal streets, and around the park. The excellent military discipline of the Milwaukee Light Guards attracted general admiration.

DUCKING.—An agreeable party of our citizens were yesterday having a good time on the Milwaukee river, near the Dam, better provided with the materials for fun and frolic than fishing.—One of the party, a Norwegian, determined on catching something besides *suckers*, made a sudden plunge overboard. On his re-appearance, after exploring the depths, certain incoherent expressions led his comrades to doubt his sanity, as he insisted that he was in the "*Connecticut River.*" Hopes are entertained of his speedy recovery.

THE UNITED STATES REAPER TRIAL.—From N. E. Allen, Esq., of Fox Lake, who has just returned from the great reaper trial at La Porte, Ind., we learn that there were fifteen reapers entered from various parts of the Union. Among them some of the most celebrated machines manufactured, Wisconsin was represented by George Esterley's machine, of Whitewater, which worked to a charm, and though the result had not been declared when he left, it stood a fair chance for the premium.—*Free Democrat of yesterday.*

PERSONAL.—Professor A. J. BEIDERMAN, a gentleman widely known in our community as a musician and teacher of music, left yesterday with his family for Germany—his native land, to remain there permanently.

Chess—Match between Milwaukee and Madison Clubs.

THE CIRCUS TO-DAY.—SATTERLEE, BELL & Co's Circus, will arrive in our city to-day, and exhibit this afternoon and evening. It is said to be a fine exhibition. Tickets may be obtained at the Circus, or by those who wish to avoid a crowd, at the Light Guard Saloon of HARRY BINGHAM, on Huron Street.

A HANDSOME PICTURE.—We have here lying on our table a magnificent photograph of the Newhall House. That splendid building looks as well in a picture as it does in reality, and is indeed something for the State to be proud of.

H. S. Brown, who has been making great improvements in the science of photography, in Milwaukee, is the artist who got up this beautiful picture. His gallery, in Milwaukee, is an attraction which we never fail to visit when there.—*Green Bay Advocate, July 8th.*

ACCIDENT.—A man whose name we did not learn, fell from a building on West Water st., and broke one of his arms.

NOTICE.—An adjourned meeting of St. George's Society, Milwaukee, will be held at their room, on Monday evening, July 12. The attendence of all members is desirable.

GEORGE SOUTHWELL, Secretary.

QUICK TIME.—We understand from our principal merchants, that they are getting their goods from New York, by the "Great Western Dispatch," in six days, and at the low rate of $1,86 per cwt. This is the best Express line from New York and Boston, and the one by all odds for Milwaukee and Wisconsin merchants to patronize. From the large loads of goods we daily see passing our office, we should judge L. C. IRWIN, the Agent located here, to be one of the b'hoys and a general favorite. Their office it at the Newhall House. jy10g859d2t

THE LAST CHANCE.—C. SALOMON & Co., opticians, have concluded to stay in this city until the 16th of this month only, and this is positively the last chance offered to those ladies and gentlemen who wish to purchase a pair of their celebrated spectacles. Their office is at 210 E. Water street., Juneau Block, up stairs. jy7g800d3t

☞ PROF. DE GRATH will not be responsible for the evil effects which may be produced by a count'rfeit called Electric Oil after his great remedy. If persons will not be cautioned and heed his repeated advice thro' the newspapers, and buy and use a base article when his Electric Oil, so well known, and so highly recommended by Mayors of Cities, Members of Congress, Physicians and Merchants of the highest standing, as he has shown by the certificates published, and every Philadelphian, then they must bear the consequences of their error. My Electric Oil is pleasant, always leaves a person better than it began, and cannot possibly do harm (as imitations will.) Children should have it for croup and teething, and ladies use it for the skin, pimples, complexion, &c. Rheumatism or any pain cannot exist when applied.

Sole manufacturing department, 99 South Eighth street Philadelphia.

Price 25c, 50c and $1 per bottle, and no person has ever made a real Electric Oil but myself in this or any other city.

PROF. CHARLES DE GRATH discoverer and sole manufacturer in the world of Electric Oil.

For sale by Bosworth & Sons, and J. H. Tesch, Milwaukee; Fahnestock & Davis, and Reed & Co., Chicago, and by druggists and Merchants generally throughout the country. jy9dlawlw

☞ LADIES AND GENTLEMEN, we would call your attention to the advertisement of Prof. O. J. Wood's Hair Restorative, which appears in the columns of our present number.

From our long acquaintance with the proprietor, and with numerous individuals who have used his preparation with perfect success for the last two years, we feel no hesitation in recommending the article as superior to any other preparations now in use for the same purpose, viz: for restoring gray hair to its original color, a sure and perfect cure for dandruff, and a never failing preventive for the falling off of the hair.

It is decidedly the best and most popular in use for beautifying, preserving, restoring and strengthening the hair, relieving diseases of the skin, and removing scurf, dandruff, and all eruptions and feverish heat from the scalp.

We speak in relation to the above from what we know, having been personally acquainted with numerous persons who have used the restorative for the above purposes with the most gratifying results.

It is not often we notice a patent medicine, indeed, we think we have never noticed one before; but Prof. Wood's Hair Restorative is something so superior in most of the preparations of the day, that we cannot forbear asking the attention of our readers to it.—[Catholic Vindicator.

Sold by all good Druggists.

MILWAUKEE:

SATURDAY MORNING, JULY 10.

Our Public Schools.

There is nothing in Milwaukee, which is a source of greater credit to our city, or more an object of just pride among our citizens, than our system of Public Schools. In these Schools there are none upwards of four thousand children, enjoying, free of cost, advantages of education such as, but one generation ago, were accessible only to the fortunate few. The School Houses are not all alike, nor the schools of equal merit, but there is not one of them that is not equal to the best Select School taught in our city, and several that are decidedly superior. The summer term of these Schools closes at the expiration of next week, and during every day of the week, in one, or other of the schools, an examination will be in progress and appropriate exercises be held. We mention this circumstance in the hope that it may induce parents, who have children in any of the Public Schools; our city authorities, in whose care they are; and our taxpayers, who furnish the wherewithal to keep them in operation, to visit one or more of these Schools during the coming week, and see for themselves, how well they are filled, how cleverly they are managed, and what good fruit they bear.

Elsewhere in to-day's paper will be found the Report submitted by the joint School Committee, to the two Boards of Common Council, making various recommendations for the enlargement or repair of the old School buildings, and the construction of new ones. We think the recommendations sound, and hope to see them adopted and acted upon by the Common Council.—This, to be sure, will involve considerable expense; but in no way can the public monies be laid out to better account, than in increasing the capacity, adding to the attractions and raising the standard of our Public Schools. We also publish, this morning, what the Grand Jury have to say about their recent visit to the Seventh Ward School. It is quite evident from their language that they were utterly unprepared to find so excellent an Institution doing its quiet work in our city, day by day, and almost unnoticed save by those whose official duties call them thither; by a few parents who take interest enough in the proper education of their children to look in occasionally at their School; or by some casual visitors from the country invited to the School by a city friend.

The surprise of the Grand Jury, we venture to say, will be shared in by any of our readers who have not yet seen the interior of the Seventh Ward School, and who will take pains to visit it during next week. On Friday afternoon the closing exercises in the High School take place, when, it is hoped, that our Mayor and Common Council, who have been invited to attend, will be present, to see, hear and judge for themselves. We hope, too, that, during the week, our City Authorities and many of our citizens will take time to visit all the Public Schools, and satisfy themselves what a good work they are doing; how abundantly they repay the investment made in them, and how eloquently they testify to the public spirit, enterprize and forecast of our city, and to the wise, enlightened and liberal School system of our State.

The "News" Fairly About.

The *News* has gone fairly about, since that unfortunate Post-Office mishap, and is now running free on the anti-Lecompton track and under Douglas' colors. Yesterday, it published a long eulogium upon the "Little Giant," in the course of which it discourses thus:

> In Illinois, the republican organization sympathizes with a mere faction of the democratic party, which organized upon the effete Lecompton issue, and had not the good sense to leave it, *when the Administration, and its party in Congress, abandoned it.*

This is the first time, we imagine, that the readers of the *News* have been thus officially apprised that the Administration has "abandoned" the Lecompton issue. Pray when did BUCHANAN & Co., back down?

The *News* insists, too, that not only the Administration but the entire Democracy of Wisconsin has charged front on this issue, and now concur with the Republicans in the opinion that the Lecompton Villainy ought to be and will be rejected by the People of Kansas. Hear it:

> The Democracy of Wisconsin are a unit upon this question. They have regarded the Lecompton Convention and its action *with unmitigated loathing and abhorrence*, and now, that *its vile production*—the Lecompton Constitution has been referred back to the people of Kansas, for their ratification or rejection—one universal sentiment pervades the democratic masses of this State, and that is *in favor of its absolute rejection.*

Evidently the *News* has now got back to where it was, last November, and to where, no doubt, it would have been all the while, but for the tempting bait of the City Post Office. But what will the Administration Democrats say to this sudden shift of wind in their reliable organ?

The Call to Quarters.

We publish this morning the call for a Republican Convention in the Second Congressional District of this State. The Convention is to be held at Prairie du Chien, on the 1st day of September next. The time and place are well chosen. As to the selection of a candidate, we have already expressed our views, and subjoin what the Madison *Journal* says upon the same topic:

> There has been little said, as yet, in regard to who shall be the man selected at the next election to represent the sturdy Republican sentiment of this district. The incumbent has proved a faithful and able representative. In point of influence and character, the State never had a better member in the national Congress. We have no knowledge of his wishes for the future, but presume that, while he would not decline a renomination, he will make no effort to secure it. We observe there is quite a strong sentiment in the Galena district, Illinois, to renominate his brother, and, should the majority of the people of this district desire to be again represented by a Washburn, Dane county we are certain would not object to seeing

> "Cadwallader stand by Elihu,"

in the next, as he stood in the last Congress, ready to meet the champions of slavery in whatever mode of attack they may choose, whether in the wordy wars of debate, or the more rough-and violent physical demonstrations of a Keitt.

We hope that the timely movement of our Republican friends in the Second District, will be promptly followed in the First and Third.—The day named for the Convention in the Second, will answer very well for the other two Districts. This will give two months to canvass the State thoroughly and prepare for the decisive struggle.

EARNINGS OF THE CHICAGO, ST. PAUL AND FOND DU LAC RAILROAD.—The southern division from Chicago to Janesville:

June, 1858,	$38,512 35
" 1857,	37,067 72
Increase over the the same month last year,	$1,324 63

REVENUE CUTTER APPOINTMENT.—Capt. Thos. Cragg, of Cleveland, has been appointed Pilot of the Revenue Cutter "Isaac Toucey," Capt. Whitehead, now at Sandusky, and to be stationed at Mackinac. The "Isaac Toucey" will have jurisdiction over Lake Huron and the lower end of Lake Michigan.

Our Public Schools.

At the Meeting of the Board of Councillors on the 30th instant, Councillor HADLEY, from the joint Committee on Schools, submitted the following report:

The Committe on Schools, to whom was referred the memorial of D. C. Reed and others, members of the Board of School Commissioners, in relation to the dangerous condition, and inadequate accommodations of the public school house in the 5th Ward, and the necessity of erecting a new building for public school purposes, in said Ward, on the lots purchased last year, for that purpose, respectfully

REPORT,

That they made a personal inspection of the building now occupied as a public school in the 5th Ward, and found that, since the construction of the building, the grade of the streets and side-walks about the same was established by ordinance of the Common Council, and said streets and side-walks have been excavated to the grade so established, that by so doing the walls of the building are now only about one foot below the surface of the earth, which, in that locality, is mostly red clay, the action of the frost upon which in the winter season is such as to cause the walls of the building to crack, and unless the same had been strongly secured by iron rods and screws it is more than probable that the building would have fallen down from the effects long before this time. The building stands on the corner of the streets, the walls being on a line with the side-walks, so as to prevent the protection of the same from the action of the frost by embankment or walls without obstructing the side-walks, or making it difficult to occupy the basement story for school purposes.

Even if the building could be repaired so as to render it safe, it is not economy to expend any further amount upon it, for, besides, being inconvenient and very objectionably situated on the side-walks, it is inadequate in capacity, and must ever be so, to accommodate the school.

The number of children residing in the 5th Ward, between the ages of 4 and 20 years, on the 31st day of August last, as shown by the school census of last year, was 1,816, only about half of which number had, during the year, received instruction in the public school; and at the time when the census was taken there were 668 children in the 5th Ward not attending any school. The number of children in the Ward, and consequently the number not attending any school, for the want of school room facilities, will be largely increased this year—not less than 20 per cent. will be added to the number of last year by the census of the present, making 1,679 children between the ages of 4 and 20 years, that may reasonably be expected to be found residing in the fifth Ward, by the school census of this year; full one thousand of whom will either be compelled to seek private instruction or not receive any, for the want of room in the public school. These figures show conclusively the necessity of a more ample public school building in this Ward.

The present building and the lot on which it is situated can be sold for an amount sufficient to pay about one-half the cost of a new building, first class in size and accommodations. Your Committee, therefore recommend that a new Public School House be constructed in the 5th Ward, on the site purchased for that purpose by the city last year, and that the old building and lot be sold for the greatest amount which can be obtained for the same, and the proceeds thereof used to pay for the new building. Under the present embarrassed circumstances of the city, great caution should be exercised in creating any new indebtedness, and your Committee are disposed to recommend only such expenditures, even for school purposes, as are imperatively demanded by the public interest, and are in accordance with the plainest principles of public economy.

The whole number of children in the city on the 31st day of August last, between the ages of 4 and 20 years, was 11,870. Of these, only 8,363 received instruction in the Public Schools during the year; of the balance, 2,199 were sent by their parents or guardians to Private Schools. The remainder, 6,218 attended no school. Of this last number, who appear to have received no instruction in any school during the year, we may estimate 2,500 between the ages of 15 and 20 years, who are variously employed as clerks, apprentices, or otherwise, and are not thus exposed to the vicious habits of children unemployed, out of School, lawless and uncared for in the streets of a large city. This estimate will still leave 3,818 idle children, between the ages of 4 and 20 years in our city, who attend no school and receive little or no instruction from any source.

The whole expenses of our Public Schools, for the year ending on the 31st day of March last, were,

For Teachers' salaries,	$17,925,87
For contingent expenses, including fuel, lights, cleaning and repairing,	5,482,13
Making a total, disbursed by the board of School Commissioners, of	$23,408,00

This sum divided upon 8,355 children, the number which attended the Public Schools during the year ending on the 31st of August last, gives an average annual tuition of a little less than seven dollars per scholar.

The number of children attending private schools in the city during the same time, was 2,199, at a tuition varying from three dollars to fifteen per quarter, (and it will exceed, rather than fall below this sum,) and you have an annual tuition of twenty dollars per scholar.

This will give an aggregate tuition paid by our citizens, during the last year for the instruction of 2,199 children in private schools of $43,980—a sum nearly twice as large as that paid for the support of all our public schools, in which 8,363 children were much more thoroughly taught than those in the private school. The tuition saved to the people of the 7th Ward alone this present year, by reason of the construction of the new School House in that Ward, will be quite equal to the whole cost of the building.

It is, therefore, as a principle of economy, clearly the duty of the municipal government to provide the means of common school education, free to every child in the city, and when we remember that nearly all the crimes, follies and errors of mankind, proceed from ignorance, and that ignorance is the great enemy of civilization, and the liberty of the people, this duty is manifestly more imperative, and our public schools should be encouraged, and cared for by the Common Council, and the necessary expenses cheerfully borne by our people, till the conveniences and means of free tuition in all the branches of a common school education, are extended to all the children in the city.

The attention of your Committee was called to the condition of the building in the 3d Ward.—On inspection of which we found the walls cracked in several places by reasons of imperfections in the foundation, and the Committee recommend that during the coming vacation in the school, the walls of the building be thoroughly anchored together by means of strong iron rods and screws; this done, and the building will answer a good purpose, with small repairs, for several years.

The Committee would call the attention of the Common Council especially to the want of proper school buildings in the 8th and 9th Wards.—In the 8th Ward the Board of School Commissioners have recently rented and fitted up a temporary building at an annual rent of $200. To accommodate the primary department, an addition to the building had to be constructed, and the proper authority to do so was asked of the Common Council in the memorial of G. B. Bingham, a member of the Executive Committee of of the School Board from the 8th Ward. The addition has been built, and will be ready for the use of the school in a week or two, and the Committee recommending that the Common Council provide the means to pay for the same when completed, the expense of which, as we are informed, will not exceed $400. When a new building shall be erected on the site which the city now owns in the 8th Ward, this temporary building, for the primary department, can be sold for nearly its cost, or it can easily be removed on to the school lots, and fitted up for a wood house.

In the 9th Ward no site has yet been purchased by the city for a School House. In extending the limits of the corporation, two small School Districts, formerly in the town of Milwaukee, were taken into the city, in both of which schools are now being maintained at the public expense, but the buildings are small, inconvenient, and wholly inadequate to the wants of this populous Ward. On the 31st day of last August, it appears that there were 1,910 children between the ages of 4 and 20 years, in the 9th Ward; 293 of whom were attending the public schools, 443 were being taught in private schools, and 1,174 were not attending any school. Of the latter number, we may fairly estimate one half as being between the ages of 15 and 20 years, and employed by themselves or parents, and would not attend school were the accommodations ever so good. Still this estimate will leave 600 children in the 9th Ward that are deprived of common school instruction, for the want of a proper public school building in that Ward.—Your Committee would therefore earnestly recommend that early action be taken by the Common Council to secure a proper site, and to construct thereon a first class Public School building in the 9th Ward, which shall, so far as possible, meet the wants of the people of that Ward.

The new building, in the 2nd Ward, is nearly done, but your Committee cannot too severely censure the contractor, Mr. John Rycraft, for his gross neglect, and culpable delay in completing this much needed house. The Committee recommend that such action be taken by the Common Council as will secure the completion, and furnishing of the house, in time for the opening of the school at the commencement of the fall term.

A fence is needed about the School House in the 7th Ward, and some provisions for fountain water to supply the school, is necessary, and the Committee recommend that the proper action be taken to secure the same, during the coming vacation.

To some, the recommendations in this report may be regarded too liberal for the times, but it must be remembered that they are urged by the fact that for the want of the Public School facilities herein recommended, our citizens are now compelled to pay upwards of $50,000 per year, for the private tuition of about 2,500 children, all of which, can be saved, and more thorough instruction secured by increasing and extending our Public Schools, as proposed by the fact that there are now over 3,000 children in the City who are deprived of Common School instruction, and are growing up in ignorance, spending their time idly in the streets, subject to every vicious influence in the city, fast ripening to swell our criminal calendars, populate our jails and alms houses, and increase the public expense for the support of criminal courts, prisons, and pauperism, quadruple what would be required to educate these children in our common Schools, and fit them for good citizens, making them a blessing to themselves and parents, and useful to mankind.

With a view to carry into practical effect the recommendations of this report, should they meet the approbation of the Common Council, your Committee report herewith the following resolutions and recommend their adoption.

Resolved, That the Board of Aldermen concurring, that the Joint Committee on Schools be, and they are hereby directed, to procure plans and specifications for a new School House to be erected in the 5th Ward, and also to ascertain the price for which the present school building in said Ward, and the lot on which it is situated, can be sold, and report the same to this Board at their earliest convenience.

Resolved, Further, that the Common Council is in favor of the immediate construction of a new School House in the 5th Ward, provided the old house and lot can be sold for a reasonable price, and the proceeds used in the construction of the new building.

Resolved, That the Joint Committee on Schools be, and they are hereby directed to cause the building in the 3d Ward to be finished and furnished, in readiness for the opening of the School at the commencement of the fall term of the Public Schools, and for that purpose, they are hereby directed to employ such mechanics as they may deem proper to complete the work included in Mr. Rycraft's contract; also to advertise for proposals to furnish the seats, desks, and furniture for the building, and to let the same by contract to the lowest bidder, conditioned to be done in season for the school.

Resolved, Further that during the coming vacation in the Public Schools, the same committee be, and they are hereby directed to cause the walls of the school house in the 3rd Ward, to be thoroughly anchored together with strong iron rods and screws, and, also to procure the construction of proper fences about the 7th Ward School House, and suitable wells for the use of the School.

Resolved, Further that the same Committee be, and they are hereby directed to make inquiry and ascertain for what price and the terms upon which a suitable site for a Public School House can be purchased by the city in the 9th Ward, and report the same, with such recommendations as they deem advisable, to the Common Council.

All of which is respectfully submitted.

J. HADLEY,
Joint Committee on Schools.

Councillor McCormick objected to that portion of the report which related to the 3rd Ward school house, and moved that it be laid on the table until Monday.

Councillor Hayden moved that it be recommitted with directions to procure plans and specifications for the erection of a school house in the 8th Ward.

Agreed to.

PHILANTHROPY AND PHYSIC.—A few years ago a philanthropist, named Breant, died, leaving a legacy of 100,000 francs to the French Institute, to be paid to the person who should find a remedy for cholera, or the cause of cholera, or, in lieu of these, a cure for dartrous affections. The committee having in charge this legacy have just held their yearly meeting, and they announce that for the present year 168 applications have been made for the legacy, for supposed cures of cholera or discoveries of its cause. But the committee declare that neither of the papers presented on the subject meet the requirements of the legacy. Among the documents forwarded was one from the United States, which read as follows:

"To the imperial institut of france:

I see by the papers that you offer 100,000 francs to any body that will discover a cure for the colery. Now without making any pretensions to a knowledge of medicin I think I am entitled to that money. last fall I was taking with the colery in its asiatic form, and my wife who had seen several niggers in the disease declared she had never seen enny one worse. I always keep in my house a little No. 6 and lobelie, and nowing full well the power of these thinks in bowel complaints, I resolved to give them a trile. I took first a smoog dost of the No. 6 and lobelie, and then after waitin a while I took a strong injection of the same. I felt then as if my boddy was on fire, but the cholery got better, that give me and my wife encouragement, and I repeated several times the same thing in the same way, and by that means and the blessing of God I am here to day to tell you of this grate remedy. I cannot tell you how the No. 6 is made, but I no that it has a good deel of kyenn pepper in it, and you will find it in your medikle buks.

hopin I shall heer from you soon I submit my claime most respeckfully.

Justice of the Peace,
—— township, —— Co., State of ——,

As a medical document, the above has, however, been thrown completely in the shade by the following, a copy of a memorandum of a Manchester, England, medical man, which lately appeared in the Dublin Medical Press:

"No. 71. Nov., Mary Stubbs, —— street; sickness, stench in the sid; aged 48. Blanes, dressmaker. Fisik, 6 bottles of stuff and two boxes of pills, for wh. she ped me 23 shillias; mind to call next week & mek her tak more.—No. 72. Peter Makormuck—an Irish odman, 7 —— street; sickness, a digg in the ribs, aged 46. Fisik, a bottle of lamp hoil, and two bottles of salts and water, colored pink; ped me 9 shillins & owes me the rest, 6 shillins. No. 73. Lisa Poly, a bold ladi. on her incum. Sicknes, dry lites, aged 72. Fisik, a quart bottle of my green mixture, and owes me a giny if she gets well."

SERIOUS ACCIDENT AT GRAND RAPIDS.—While celebrating the Fourth at Grand Rapids, in this State, a very serious accident occurred by the premature discharge of a cannon, by which three persons were severely, and four slightly injured. In speaking of the accident, the Wood County *Reporter* says:

> Dr. Whitney was immediately called to administer to the sufferers, who with the assistance of the ladies of Mr. Reeves' household, were soon as comfortable as circumstances would permit. Messrs. John Sharp, James Ford and Michael Howlett are very seriously injured.
>
> Mr. Ford, although his pain is slight, is probably the most unfortunate, as the Dr. fears he has forever lost the use of both eyes.
>
> Mr. Sharp suffers excruciatingly, and is delirious a portion of the time. His wounds are deep, and he is badly burnt all over his breast, face and hands.
>
> Mr. Howlett will finally recover without material injury, and the physician thinks Mr. Sharp will also. The other four, whose names we failed to obtain, are about.

NEW PATENTS.—Among the list of patents issued from the Patent Office at Washington, during the week ending June 26th, were the following for parties in this State:

K. Freeman, of Fond du Lac, Wisconsin—For improved rotary shingle machine.

William Johnson, of Milwaukee, Wisconsin—For improvement in bank and other locks.

James Macnish, of Berlin, Wisconsin—For improved knife and spoon cleaner.

William Scarlet, of Kenosha, Wisconsin—For improvements in grinding mills.

William E. Tambling, of Berlin, Wisconsin—For improved churn.

A GREAT RACE.—The following account of a recent trotting match at Goliad, Texas, appears in the Missouri *Democrat*, of July 7th:

> I take the liberty of giving you in detail an account of a great ten mile trotting race which came off at this place on the 20th of last month. Mr. George W. Dickey, of Janesville, Wisconsin, formerly of California, and Mr. Williams, of this place, for $5000 a side, a dash of ten miles to skeleton wagons, Mr. D. to drive against Mr. W., the former weighing forty-five pounds more than the latter; $2000 forfeit. The race was won by Mr. D., after a hard struggle, in the quick time of thirty minutes. Some $3000 or $9000 changed hands on the result. The stallion was the favorite at $100 to $70, which was taken as fast as offered by Mr. Dickey. There were some 4000 persons present to witness the trot. There is to be another race on the Fourth of July, for $2500, between the same horses, two-mile heats, Mr. D.'s horse to harness, Mr. W.'s to wagon.

From the London Athenæum, June 20.

The Fourth of July in America.

"In less than a month from this present date, America will celebrate the eighty-second anniversary of her national birthday.

Throughout the whole of the States, however, divided by political language and sympathy, by questions of boundary and color, there will on that day be heard in each city and county one unanimous speech—there will glow one confederate banner.

From Massachusetts, the eldest, to Minnesota and Arkansas, the youngest born—from the Indian Dacotah, where the sun sheds its indistinct light on unassigned claims and encumbered estates of green wood, to Spanish San Francisco where it flaunts along the path of the ocean steamer, and flings gold dust into the eyes of fellowman and passenger—through an affluent land which eighty years of labor have marvellously urged, strengthened with ribs of railroads, quickened with almost vital nerves of telegraph, made to throb with busy agencies and motive powers of invention and manufacture, blessed and made happy with appreciable harvests of wheat and cotton and rice, no less than two inappreciable harvests freedom and peace—during one day business and trade and political enmity will pause to keep a common jubilee.

In honor of that day the wagon on the prairie will have its arch of leaves, the lumber raft floating down the Mississippi will attach to its rough pine mast a July flag, the steamer far out at sea will hoist a garland at the fore,—a motely population, of all hues, German, Indian, civil, and military, will make music in what, twenty years ago, were forest streets, and along the thirteen thousand miles of coast, from every cape and headland, peaceful cannon will proclaim to the world a declaration of American Independence.

Nor in less favored climates will the day be forgotten. Compliment or sympathy will deck with American colors the harbors of Montreal, Sydney, and Liverpool. Americans will be glad in Rome, in Florence, and perhaps too in Paris,—and in token of political amity and fearless or clear and open search, the portraits of Queen Victoria and President Buchanan will hang side by side to dignify an hospitable dining-room at Richmond."

DEATH OF MRS. THURLOW WEED.—We were pained, but not surprised, on Saturday, to be informed of the death of Mrs. Thurlow Weed.—She has been suffering for several months past, and her friends have looked for her death at any moment. The dead messenger came at last, and the spirit, weary and worn, quietly took its flight to the bright mansions of the blessed.

The deceased was one of those unassuming persons, whose whole life has been marked by noble deeds. Her mission on earth seemed to be heavenly, and her greatest pleasure was experienced when she could contribute to the happiness or comfort of others. It was our privilege in early days to be a neighbor of the family, and well do we remember the kind and gentle words spoken to us by her. To know her was to love her, and many a heart has been moved to sorrow by the intelligence of her death. Probably no one in our city had more warm and devoted friends, and certainly not one was more deserving of higher regard and profound respect. Her good deeds will live in all time to come among those who knew her best, and many a family circle will be moved to sorrow as they speak of her whose career on earth is ended.—*Albany Statesman.*

SUDDEN DEATH.—Col. James M. Donnelly, late City Marshal, died suddenly this morning at half past 8 o'clock, at the residence of his father-in-law, Dr. D. L. Kimberly. Col. Donnelly was an old and well known resident of Chicago. He was 32 years of age.—*Chicago Journal, July 8.*

SPECIAL NOTICES.

☞ All Notices under this head will be charged one-half addition to the Regular Rates.

BEWARE OF IMPOSTERS.

CAUTION TO INVALIDS.—DR. SAMUEL L. FITCH, (Office 714 Broadway, New York,) known as the author of a *"New Curative Treatment"* for the diseases of the Lungs, Heart, Liver, Stomach, Bowels, Kidneys, Skin, Nerves, Muscles, Joints, Blood, &c., and for all Female Complaints, continues his practice with his usual success. *He is never absent from New York, and has not been for many years. He has no other office nor any associate or partner at Buffalo, Chicago, Pittsburg or elsewhere, and has not had.* ☞ *Beware of all persons using his name, or pretending to have now, or have had, any professional connection with him. They are Impostors!!* Apply, personally or by letter, directly to himself at his Office, 714 Broadway, New York, where alone his treatment can be had. Remedies sent to any part of the country, and treatment conducted successfully by letter. His "Six Lectures" on the Lungs, and explaining the method by which he cures the above diseases, (350 pages, bound,) sent by mail, post paid, for 40 cents.

☞ Beware especially of the advertisements of "Fitch, Dodge & Co." Detroit, and of "Fitch & Sykes," of Pittsburgh, Chicago, &c. days.

A RARE CHANCE FOR SPECULATION.

ADMINISTRATRIX' SALE.

MILWAUKEE COUNTY COURT,—IN PROBATE.

In the matter of the estate of John W. Hogan, deceased.

NOTICE is hereby given, that by virtue and in pursuance of an order of license made in said matter, on the 24th day of October, A. D. 1857, by the County Court of said County, the undersigned, Administratrix of the estate of John W. Hogan, deceased, will, on the 24th day of July, A. D. 1858, at 10 o'clock A. M., on the premises, offer for sale at public auction, the following described lands, to-wit: The South half of the South East quarter of Section three, 8, Town five, 6, Range twenty-one, 21, East, containing 80 acres; situated in the Town of Franklin, in the County of Milwaukee, State of Wisconsin.

Terms made known on day of sale.

Dated June 30th, 1858.

HONORA HOGAN, Administratrix.

The above farm is worthy of inspection. With more than half of it cleared, there are thirty acres or more of the best description of meadow. There are also strong inducements to a speculator, in its having water power, a fine stone quarry, and good springs.

A good two story frame house, and a new frame barn on the premises. jy1g839d1w24

True Story of "the Lord of Burleigh."

The romance of real life is ordinary enough. It occurs every day, and then nobody thinks about it. A courting-match between a couple of rural lovers is full of this romance. But, transfer it to a higher society, and how lucid it gleams through, like a fine painting, with a judicious coat of varnish bringing its hitherto concealed beauties into notice and admiration.

Henry Cecil, 10th Earl of Exeter, with landed estates to the yearly value of £100,000, and the palatial residence of Burgley, with its statues, paintings, and articles of vertu said to be worth £500,000, married a Miss Vernon, from whom, owing to her violation of the marriage vows, he was divorced in 1791. Almost heart broken by this disgrace and misfortune, he resolved to retire from high life, and immediately after the divorce, betook himself to a retired village in Shropshire, named Bolas, about 120 miles, from his own beautiful Burgley. Of that place, however, he was not lord then, nor until the death of his uncle, the 9th Earl, in 1793.—But he was heir-presumptive to the title and estates, and his pecuniary allowance was on a very ample scale, suited to his future position. At this time, too, he was only plain Mr. Henry Cecil.

At Bolas, he actually became a farm servant to rather a rough diamond, one Thomas Hoggins, who, besides his farm, had a mill, it pretty full employ. Cecil's chief work was in this mill, and he labored like any other servant, fairly to earn his wages. Part of his busines was to leave full bags of flour at various farm houses in the parish, and to take back the empty ones. He had frequently to call at the house of the Rev. Mr. Dickenson, the clergyman of Bolas, where, according to the custom of the time and place, he was always was invited to rest in the kitchen, and take "a mug of ale." He seldom was tempted to enter into conversation, but spoke so well, when he did converse, that Mr. Dickenson's household gave him the name of "Gentleman Harry." It was not long before this *subriquet*, and its cause, became known to Mr. Dickeneon, who put himself in the way of meeting this strange miller's man, and became so much interested in him that, instead of being asked to rest and refresh in the kitchen, "Gentleman Harry" was regularly invited into the study, where the good pastor used to join him in a draught of some brewed and a pipe of the Nicotian weed.

Ere long, Mr. Dickenson, who had freely lent him various books, hinted his suspicion that "Gentleman Harry" belonged to a higher position than he then occupied. This was confessed with an assurance that there was no disgrace connected with his *incognito*, and a promise to reveal the particulars of the secret at no distant day.

Thomas Hoggins, the miller, had one daughter named Sarah, known far and wide as the "Beauty of Bolas." About this time she was scarcely twenty, and through the intervention of a moneyed aunt, had received what we have heard described (in her native Shropshire) as a "bettermost education." That is, she read and wrote correctly, had some slight acquaintance with French, and played tolerably well upon the harpsichord. It came to pass that Miss H. turned a favorable pair of bright blue eyes upon "Gentleman Harry." Alas, for the romance of the story, his *premier jeunesse* was gone—for he was in his thirty-eighth year. It happened, also, that he became interested in her, so much so that he called at the parsonage one evening to consult with Mr. Dickenson—in a word, to entreat him to marry them privately; and then making a clean breast of it, "Gentleman Harry" confessed that he was Mr. Henry Cecil, next heir to the Earldom and estates of Exeter. He bound over the clergyman to secrecy, not allowing him to disclose his personal secret to Mr. Hoggins, nor even to the fair Sarah. It was a difficult matter for the clergyman to obtain the miller's consent to the marriage, which was celebrated on the 30th of October, 1791. The happy couple lived upon a small farm during the following two years—until Mr. Cecil casually learned from a Shrewsbury paper that the death of his uncle had placed a coronet upon his brow and immense wealth at his disposal.

Still concealing the secret of his rank from his wife, Cecil told her that he had determined upon a change of residence. She prepared to accompany him, leaving her native Bolas with regret, for she had been happy there, as maid, wife and mother. She accompanied her husband, and they came at last, to Burgley, the beauty of which greatly struck her, as they rode by it in their humble conveyance. Her husband told her that it was a show-place, and she gladly assented to his invitation to alight and see it. They entered the demense, walked up the broad avenue with its double fringe of stately oaks, went through the garden and conservatories, and finally made a tour of the mansion. At last, returning down the grand staircase, into the state-ly hall, around which were ranged figures in antique armor, and family portraits, from the days of Holbein and Vandyke down to Reynolds, her husband asked her how she liked the place.—"Beautiful!" she exclaimed. "Oh, Henry, what a Paradise to live and die in!" By this time a small crowd of relatives and attendants had made a circle around them. "Sarah," said he, as he kissed her white brow, "This place is yours—I am Earl of Exeter." Then turning to the company, he said, "This is the Countess of Exeter."

Hazlett, himself a Shropshire man, (Wem, his birthplace, being near Bolas,) has told this story, and adds that the surprise was too much for the peasant-Countess. She fainted at the discloisure, and he says her mind never wholly recovered its balance.

Her children were a daughter born at Bolas, in 1792, (whose daughter, wedded to Lord Charles Wellesl-y, will probably be Duchess of Wellington ere she die,) and two sons, the eldest of whom, born in 1795, is the present Marquis. The peasant-Countess died in 1797, and her disconsolate husband married a third wife in 1800. He was elevated to a Marquisate in 1801, and died in 1804.

This the real story of "the Lord of Burleigh," as narrated by Mr. Dickenson, of Bolas, as lately as 1851, when he died.—*Phila. Press.*

MOTHERS! MOTHERS! MOTHERS!
DON'T FAIL to procure Mrs. Winslow's Soothing Syrup for Children Teething. It has no equal on earth. It greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases.
This valuable preprcration is the prescription of one of the most experienced and skilful female Physicians in New England, and has been used with never-failing success in millions of cases.
We believe it is the best and surest remedy in the world, in all cases of Dysentery and Diarrhœa in children, whether it arise from teething or from any other cause.
If life and health can be estimated by dollars and cents, it is worth its weight in gold.
Millions of bottles are sold every year in the United States. It is an old and well tried remedy.
PRICE ONLY 25 CENTS A BOTTLE.
None genuine unless the fac-simile of CURTIS & PERKINS, New-York, is on the outside wrapper.
Sold by Druggists throughout the world. Office No. 13 Ordway street, New York
Sold in Milwaukee by Bosworth & Sons.

FARM FOR SALE.
SITUATED one half hour's ride from town, on a good plank Road. The farm contains eighty acres, sixty-five being improved. Of this, thirty-five acres is meadow land, and the balance sowed with grain. The whole farm is divided in lots of ten acres each, and well fenced. The farm house is a new one, having been built by the present owner to occupy himself. The property also contains two new and large barns, with outhouses complete. Also, a large orchard with a great variety of choice fruit. If not previously disposed of, will be offered at public vendue on the premises, on
Wednesday, the 14th day of July next,
at 10 o'clock A. M., on which day the terms will be made known, and the property sold to the highest bidder. The property is offered for sale because the owner resides in the city, and cannot attend to it properly. He wishes to sell, and will offer the property low, and on good terms, or would exchange for city property.
For particulars enquire at the Lumber Office of H. Lenington & Co., West Water Street.

MEDICAL.

AYER'S CATHARTIC PILLS.
THE sciences of Chemistry and Medicine have been taxed their utmost to produce the best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary remedies, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood and expel the disease. They purge out the foul humors which breed and grow distempers, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to their whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill—While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated they are pleasant to take, and being purely vegetable are free from any mineral. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my preparations contribute immensely to the relief of my afflicted, suffering fellow-men.
The Agents below named are pleased to furnish gratis my American Almanac, containing direct one for their use and certificates of their cures of numerous complaints.
Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S Pills and take nothing else. No other they can give is a compare with this in its intrinsic value or curative powers. The sick want the best and there is for them and they should have it.
Prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.,
Price 25 cents per Box. Five Boxes for $1. Sold by—
JOHN RICE, Milwaukee;
J. H. REED & Co., Chicago;
And Agents in every town in the United States.

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.
MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy for the worst Scrofula down to a common Pimple.
He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a running sore mouth.
One to three bottles will cure the worst kind of pimple, on the face.
Two or three bottles are warranted to cure the worst tetterworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity taken.
ROXBURY, Mass.
DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need say nothing on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.
In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an Affectionate mother,
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to you husband and household.
In the more advanced stages of
CANKER
extends to the stomach, causing
DYSPEPSIA,
which is nothing but canker in the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach,
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the carnivorous field of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes poor and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.
How many thousands of poor women are suffering from this disease and piuing away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.
For sale by all Druggists in Milwaukee, and by Druggists generally throughout the Western States.
Price $1.00 per bottle.

COMMERCIAL & FINANCIAL.

OFFICE OF THE DAILY SENTINEL, } Friday Evening, July 9, 1858. }

MONEY MATTERS.—The Banks are discounting good paper tolerably freely at 10 per cent. Currency and Exchange are both somewhat easier, and money matters generally are slightly improved. Exchange on New York is selling at 1 per cent. premium, and Gold is selling at same rate. Note brokers rates remain as before noted, 1½ to 2½ per cent per month.

OUR MARKETS.

RECEIVED BY MIL. & MISS. R. R., July 9.—446 bbls flour, 16,750 bus wheat, 5,990 bus oats, 820 bus corn, 122 bus barley, 92 bus rye, 5 bbls eggs, 7 360 lbs sundries. 14,920 lbs wool, 104 bus potatoes, 800 lbs hides, 8 reapers.

LA CROSSE & MILWAUKEE R. R., July 8.—7,876 bus wheat, 3,155 bus oats, 168 bus corn, 70 bus barley, 45 bus rye, 14 bus potatoes, 354 bbls flour, 103 sacks do., 7,500 lbs wool, 8 bbls eggs, 3,427 lbs sundries, 558 lb hides.

MILWAUKEE WAT. & B. V. R. R., July 9—8,951 bus wheat, 3,731 bus oats, 119 bbls flour, 1,200 lbs rags, 416 lbs wool, 1,000 lbs sundries.

MIL. & ROCK R. R., July 9.—1,911 bus wheat, 932 bus oats, 94 bbls flour, 3,000 lbs wool,

An extreme dullness was the predominant feature in our produce market to-day. Buyers were scarce for some reason not apparent, and the offers of those on the market were some 2 to 3c lower than yesterday's prices on wheat. In consequence of this state of things, the transactions for the day are rather limited. Receipts of wheat are increasing, and as the *Free Democrat* very correctly remarks, a large amount of wheat from Iowa, which has hitherto found its way to the St. Louis market, is now coming here over the M & M. R. R., the northern Iowa people beginning to discover that this is the most favorable market to dispose of their grain. The telegraph this evening reports the N. Y. wheat market dull and flour firm. We are told, however, by some of our large dealers here that there is little or no first class western wheat in the N. Y. market at the present time. We quote to-day:

WHEAT—Market dull and prices tending downward. Transactions very limited and offers this afternoon considerably below our quotations. Sellers however hold back for better prices. Among the sales to-day we note the following: 200 bags XXX milling club at 75c, 100 bags choice extra also to mill at 72c, 950 bags choice dry No. 1 and extra at 70c, 900 bags good dry No. 1 at 68c, 700 bags unsound at 65c, 125 bags do at 62c, 183 bags white winter at 85c, and 88 fair do at 80c. This afternoon 60c could scarcely be obtained for good No. 1.

FLOUR—Prices without material change. Sales to-day of 100 bbls "White Creek Mills" spring extra at $5,62½ delivered.

FREIGHTS—More grain vessels have arrived and others are expected in daily. To-day the Sch Dane was chartered at 5c for wheat to Oswego, and the L. J. Farwell and Adda at 5c to Buffalo. The Propellers Chicago and Oriental take flour to Buffalo at 20c.

OATS—Continue in fair shipping demand at 31c. Sales to-day of about 1,100 bus at these figures.

BARLEY—In moderate demand at 55@60c.

CORN—There was a fair local demand for corn at 49a 45c for shelled. Sales to-day of 100 bags dry at 45c.

POTATOES, Butter, and Eggs remain as before noted—dull.

HIDES—Receipts are very light, and demand less active. We quote green Sa6c, green salted 6¼a6c, and dry 12¼a14c.

WOOL—Is not coming in very freely, there being a large number of competing buyers travelling through the interior. The prices here range from 22 to 30c from common to nice fleeces. Choice merino fleece would bring 34c, but none such has yet reached this market.

NEW YORK MARKET.

NEW YORK, July 8.

FLOUR—Market without material change; sales, 11,200 bbls at $ 50a3 90 for superfine state; $ 05a4 05 for extra state; $ 30a3 90 for superfine western; 3 95a4 45 for common to medium extra western; 4 00a4 70 for shipping brands, extra round hoop Ohio; market closing quiet. Canadian flour steady; sales 400 bbls at 4 25a5 20 for common to choice extra, small saves. Rye flour at 3a3 50.

WHEAT—Market dull; common grades very heavy, and decidedly lower; shippers not in the market to any material extent, while home trade is holding back for lower prices, nominal quotations 68a75; white range of Chicago spring 85a90; Milwaukee club 100a102; Winter red western 102a110; white do; sales 30,000 bush at 84a 90; Milwaukee club, the latter price for prime; 1,02 common red southern; 1,25 prime new red Tenn.

RYE—Dull; small sales, 68a70.

CORN—Without change. Nearly all the western mixed is arriving in an unsound condition; sales 24,000 bus at 55a58 very inferior to g od sound mixed western; 50a51 white; 58 yellow southern.

OATS—In fair request; 45a48 State and western.

WHI KEY—Scarcely so buoyant; sales 400 bbls at 25. PORK—Market firmer; sales 800 bbls at 16 62½a16 75 for mess; 13 62½a13 75 for prime; 15 50a15 75 for thin mess; 17 75 clear.

BEEF—Unchanged; sales 400 bbls at 10 75a11 50 for country mess; 13 50 for repacked mess; 14a14 50 for extra mess. Beef hams steady; 300 bbls 15a17 prime mess beef dull, 12a21.

CUT MEATS—Steady; sales 140 bbls at 7¾a7¾ hams; 5¾a6¾ shoulders; bacon 9 50 boxes sold at 8¾a9 short ribbed; 10 short clear middles sold 9¾.

LARD—Firm; sales 900 bbls at 11a11¾ for inferior, and 12 for prime.

BUTTER—Steady; sales at 12a16 for Ohio; 15a18 for State.

CHEESE—Dull at 8a8¾.

STOCKS—Better and 8 m at 8d board; Cal 8¾ 86; NY C 6's 89; I O bds 97¾; La G grants 88; M S & N I bds 97¾; N Y C 6's 78; Hud 103; 8 8's; Reading 46¾; M C 59; Gal & Chi 37¾ M & S 20.

BUFFALO MARKET.

BUFFALO, July 9

FLOUR—There was only moderate demand for flour, and no change to note in the market; sales 1,000 bbls at 3 75a3 87½ for good to choice spring extra; 3 90a4 00 for mixed to mill; 4 00a4 25 for fancy to extra Ohio, Ind., Ill., Mich. and Canadian; 4 25 for choice extra Wis; 4 50a4 75 for double extra, the latter figures for very choice.

WHEAT—In fair demand; market for Chicago spring heavy; sales 3,300 bush red Ohio at 97½; 1903 bush Milwaukee club, 77,000 bush white Ky., at 1 12½; 1,600 bush white Canadian at 1 00; 25,000 bush Chicago spring at 68 and 15,000 bush do do at 70.

CORN—Quiet, and market steady; sales 10,400 bushels sound at 50c; 13,00 bush at 57c; 2,900 bush hot at 47.

OATS—Active demand and rates easier; sales 38,000 bus at 36a37.

WHISKEY Quiet; small sales to trade.

CANAL FREIGHTS—Flour 4 c, and wheat 11c to N. Y.

OSWEGO MARKET.

OSWEGO, July 9.

FLOUR—Unchanged.

WHEAT—Firmer; sales 10,000 bus at 75c for Chi spring, 80c for Mil club.

CORN—Lower; sales 20,000 bus at 60a64 for sound, 51 for hot.

FREIGHTS—Shade firmer; flour 2? and wheat 7¾ to N.Y.

Schr Norway, Tate, Buffalo, 9,650 bus wheat.
Schr James Christie, Joyce, Pierceville.

MARINE INTELLIGENCE.

DISASTER.—We learn from the Detroit *Tribune* that the Brig Rosalia, bound for Buffalo with a cargo of wheat, ran on the East Sister reef, on Monday night last. The captain came up to the City for assistance. When he left, the brig was lying easy and no sea on. The Tug Relief has gone down to her. She may have to be lightened, but the prospect seems fair for getting her safely off.

NOTICE TO MARINERS.—POINT DE MORT LIGHT.—The Light on Plum Island, at Detroit's Dock, will be extinguished on or about the 20th of July, 1858, and at the same time a Revolving Light will be exhibited from Pilot Island, southern entrance to Green Bay. The illuminating apparatus is 4th order Catadioptric, of the system of Fresnel, and will show a flash every minute. The focal plane is 45 feet above the water, and the light should be seen from the deck of a vessel 15 feet above the water, at a distance of 10 nautical miles. The Keeper's dwelling is yellow, and the lantern is situated upon it. By order of the L. H. Board.

WM. F. SMITH, Eng'r 11th L. H. District.

GRAIN CLEANER & SEPARATOR
HORTON'S PATENT
G. B. BINGHAM & BRO.,
Sole Manufacturers in Wisconsin.
THIS MACHINE is of recent invention, and surpasses all others in use for its perfections as a thorough Separator and Scourer. It has given entire satisfaction in New York, Pennsylvania and other States where it has been introduced, and we are confident it is better adapted to the cleaning of Western grain than any other ever introduced into this State. It is fire proof, notliable to get out of repair, requires but little power to run it, and the curling cylinder so constructed as to render it unnecessary to be renewed for years. We respectfully invite all Western Millers to give us a call, and examine our machine at the JBay State Foundry, Florida st., Milwaukee, Wis.
References, Kilbourn Mills. feb10-976dly

WISCONSIN IRON WORKS.
Established 1844.
THE SUBSCRIBER having purchased the Tools, Patterns and stock of the Menomonee Locomotive Works, has removed them to his old place of business,
Opposite the Freight Depot of the La Crosse & Milwaukee R. R.,
And is now prepared with greatly increased facilities, to forward any description of
IRON WORK.
The stock of
MILL GEARING,
In addition to which he keeps constantly, makes the variety
The most desirable to select from,
Of any in the STATE.
He has also added new and powerful Machinery for
TURNING AND PLANING IRON,
Bolt and Screw Cutting, and is prepared to execute all orders with despatch.
The attention of the owners of SAW MILLS is called particularly to his
New Iron Muley Frame,
Pronounced by mechanics to be the best ever yet made.
Also, to his new style of SWITCH IRONS, adopted by the La Crosse & Milwaukee R. R. Co.
RAILROAD WORK of every description made and forwarded to any point.
Columns for buildings and Iron Piping, Bolts made and cut by machinery, and finished cheaper and better than ever before.
Potash Kettles, two sizes, and a great variety of miscellaneous castings, including many new and superior Water Wheel Gearing.
Also, sole manufacturer in this State, of the "Young America" Corn and Grain Mills, superior to all others, from the fact that the grinding surfaces are made of *chilled* iron, and cheaply renewed when worn out.

To Pittsburgh, Philadelphia, Baltimore and New York. Connecting directly with trains on the great Pennsylvania Central Railroad, to all Eastern cities. Also, with Cleveland and Columbus Railroad to Cleveland, Dunkirk, Buffalo, Niagara Falls, via New York Central and New York and Erie Railroads to New York and Boston
Persons going East will find this route by far the most desirable both from the advantage in point of distance, variety and beauty of the country through which the roads pass, as well as the less frequent changes of cars, and the avoidance of re-checking baggage required by other routes.
Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.
Tickets for sale at all the principal ticket offices at the West, and at the Company's Office, No. 80 Dearborn St., opposite the Tremont House, Chicago, and at the office of the Lake Shore Railroad, Milwaukee, by A. G. Leland.
JOHN J. HOUSTON, General Freight and Passenger Agent, Pittsburgh.
D. W. BOSS, Gen'l Western Agent, Chicago.
JAMES W. MCLESON, Freight Agent, Chicago.
Chicago Dec. 15, 1856. mar19s285d1y.

Gas, Gas, Gas,
THE New Cylinder gas burner, now being so largely introduced in the East because of its great economy and mellow light, may be seen at the establishment of RICHARDSON & GRAY.
may30 Wisconsin Street.

RAILROADS.

NEW YORK & ERIE RAILROAD.
THE New York & Erie Railroad Company have earnestly endeavored during the past ten month, to establish and maintain a uniform and remunerative rates of freight by the four great lines which connect the Atlantic cities and the West. Having failed in this, and believing it to be injudicious and improper to influence trade by the issue of free passes, by the employment of runners and solicitors, or by any other underhand means, the Company, rather than resort to such means, have determined to reduce the fares on and after Monday June 14, as follows:
From New York to Dunkirk or Buffalo.....$5,00
From Buffalo to New York.....5,00
Suspension or Niagara Falls to New York to.....5,00
CHAS. MORGAN,
President of the N Y & Erie R. R.
No. 72 Washburn Street Chicago. je17g7old1m.

$5,00 Important to Travellers. $5,00
